SUMMARY

DevOps engineer with 4 years of experience building and running cloud infrastructure on AWS. I automate everything with Terraform and CI/CD pipelines, run production workloads on Kubernetes, and care about reliability, cost, and fast, safe deployments. Comfortable writing Python and Golang tooling for internal platforms.

SKILLS

Cloud	AWS (EC2, EKS, S3, RDS, Lambda, IAM), GCP basics
Containers	Kubernetes, Docker, Helm
Infrastructure as Code	Terraform, Ansible
CI/CD	GitHub Actions, Jenkins, Argo CD
Monitoring	Prometheus, Grafana, ELK stack
Languages	Python, Golang, Bash
Other	Linux, Git, PostgreSQL, Redis, Kafka

EXPERIENCE

Senior DevOps Engineer

Jan 2024 - Present

CloudNova Technologies, Pune (fictional company)

- Migrated 40+ microservices from EC2 VMs to Kubernetes (AWS EKS), cutting infrastructure cost by 32%.
- Wrote reusable Terraform modules for VPC, EKS, and RDS; new environments now spin up in 20 minutes instead of 2 days.
- Built GitHub Actions + Argo CD pipelines for 25 teams, raising deploys from weekly to 30+ per day.
- Set up Prometheus and Grafana alerting on Kubernetes; reduced mean time to recovery from 3 hours to 25 minutes.

DevOps Engineer

Jul 2021 - Dec 2023

ShopKart Online, Bengaluru (fictional company)

- Containerized legacy apps with Docker and managed Jenkins CI/CD for 60 services.
- Automated server setup with Ansible and Terraform on AWS; removed manual production changes entirely.
- Wrote Python and Golang tools for log cleanup and cost reports, saving the team ~10 hours a week.
- Handled Diwali sale traffic (8x normal load) with Kubernetes autoscaling and zero downtime.

PROJECTS

K8s Cost Watcher

Open source

- Golang tool that reads Kubernetes resource usage and AWS billing data and flags idle workloads in Grafana.

One-Click Dev Environments

Internal platform

- Terraform + Kubernetes namespaces + Docker images that give each developer a full preview environment per pull request.

EDUCATION & CERTIFICATIONS

- B.Tech, Computer Engineering, Savitribai Phule Pune University, 2021
- AWS Certified Solutions Architect - Associate
- Certified Kubernetes Administrator (CKA)
